

**Shared Services Center**

---

**Virginia's Community Colleges System**

**Service Level Agreement**

Effective: April 19, 2022

## Foreword

The Shared Services Center (SSC) provides select services to Virginia's Community Colleges System (VCCS) in the areas of Finance, Human Resources, and Procurement. The SSC workforce will continue to deliver outstanding support to the respective colleges and the System Office (hereinafter referred to collectively as "customer" unless otherwise specified) by building expertise and investing in technical innovation and process efficiency.

<b>Version No.</b>	<b>Date</b>	<b>Description of Changes</b>	<b>Changed by</b>	<b>Authorized by</b>
1.0	5/24/19	Consolidated and updated SLA for T&E, TLAM, AP, Procurement, and added new Payroll content.	Korrina Thomas	Kathy Metts
2.0	6/2/20	Consolidated and updated SLA for AP, T&E, Payroll, TLAM, H2R, and Procurement content.	Rainy Webb	Cheryl Thompson-Stacy
3.0	2/4/21	Updated organization chart, operation escalation process diagram, department name for Customer Engagement, removed references to Business Transformation Office, updated 2021 Holiday Schedule link, corrected Virginia’s Community Colleges System in header, edited vertical list style and punctuation, and made table styles more consistent.	Jill Harbison, Michele Johnson, and Stephanie Barton	Dennis Moynihan
4.0	4/27/22	Updated System Office IT Action and Target wording and clarified Payroll section 5 to reflect benefit change responsibility.  Change requested by Kim Steiner (MC-SWVCC) and Kimberly Lawrence.	Rainy Webb	Dennis Moynihan Management Council

## **Shared Services Center Service Level Agreement**

## Service Level Agreement Introduction and Purpose

This Service Level Agreement (SLA) represents a mutual agreement between Virginia's Community Colleges System (VCCS) Shared Services Center (SSC) and its customers, consisting of 23 respective colleges and the System Office. The services covered by this SLA are:

- Finance Operations, including Accounts Payable (AP) and Travel & Expense (T&E)
- Human Resources Operations including Payroll, Time, Labor and Absence Management (TLAM), and Hire to Retire (Applicant Tracking, Onboarding, and Offboarding)
- Procurement Operations

## Agreement Duration, Review, and Renewal

### Initial Effective Duration

The renewal of this agreement is automatic at the beginning of the VCCS' fiscal year. Effective Start Date: July 1, 2021 (FY22)

### Agreement Review and Renewal Process

The SSC Customer Engagement team will complete an annual SLA review as part of the Evergreen process and recommend changes to the SLA based on the evaluation of SSC services and proposed SLA modifications.

Proposed SLA modifications must be submitted in writing to the SSC Director each year by March 1 to ensure consideration by the Management Council prior to the start of the upcoming fiscal year.

During the Management Council meeting in the last fiscal quarter, the SSC Director will review the proposed changes. Recommendations will be reviewed, and changes will be red-lined and approved by the Management Council.

## Agreement Purpose

This SLA describes the roles and responsibilities of the SSC, its customers, and, where applicable, the System Office. It also defines service level targets and associated performance standards. All parties recognize interdependencies between one another and the need to work collaboratively to operate within the specifications of the SLA successfully.

## SSC Overview

The SSC's mission is to enable the VCCS Colleges and System Office to better focus their resources on students -- helping them start their educational journeys, persist, and succeed by:

- Developing a streamlined approach to efficiently handle transaction-based functions that all 23 colleges and System Office must undertake to operate
- Saving money by providing greater efficiency and reducing manual efforts
- Leveraging technology not only for efficiency but also for the accuracy of work
- Providing all institutions, regardless of their size, access to consistent, quality services, and expertise

To achieve this mission, the SSC subscribes to the following principles:

- Ongoing partnerships with each customer to drive towards outstanding performance
- Using Six Sigma and Lean methodologies for continuous process improvements
- Processing via a standard system or process for all services offered
- Establishing and maintaining effective internal controls
- Complying with Agency Risk Management and Internal Control Standards (ARMICS)
- Identifying and deploying best practices
- Operating cost-effectively

All VCCS institutions will take active steps to strive for continuous improvement by identifying those tasks that are less than optimal and recommending approaches to improving them. It is expected that the VCCS institutions will perform their roles and responsibilities as defined here and as modified, as needed, based on continuous improvement recommendations.

## SSC Organization

The SSC Executive Director is responsible for the overall management of all aspects of the organization, and the SSC employs qualified staff to deliver the services defined within this SLA.

## Hours of Operation

SERVICE SUPPORT HOURS	Normal working days	Monday – Friday 8:00 AM ET 5:00 PM ET
-----------------------	---------------------	--

<b>CUSTOMER ENGAGEMENT HOURS*</b>	Normal working days	Monday – Friday 8:00 AM ET - 5:30 PM ET
<b>EXTENDED HOURS OF OPERATION</b>	Holidays, weekends, and other published extended hours	<b>Holidays Closed**</b>
<b>CLOSURES/STATE OF EMERGENCY***</b>	Critical support staff availability only	In the event of a closure due to an emergency or inclement weather, the processes will resume when the SSC re-opens.

\*Inquiries received after hours will be addressed the next working day.

\*\*The SSC adheres to the yearly holiday schedule established by the VCCS Chancellor for the System Office. [Click here](#) for the SSC Holiday Schedule.

\*\*\*In the event the SSC is closed due to emergency or inclement weather, a notice will be posted on the SSC website's home page and auto-replies as appropriate. Customer Engagement will also post a notice on voicemail as appropriate.

### Business Continuity

The SSC currently operates under a Business Continuity Plan to address business interruptions. Downtimes for each service vary and have been coordinated with Agency Functional Leaders.

All parties acknowledge that events may occur, which could temporarily prevent the SSC from meeting performance targets. Such events include:

- System implementations or upgrades
- Extended system outages, planned or unplanned
- Year-end shutdown
- Non-routine spikes in transaction volume, such as those which occur during new service rollouts

In the event of a service disruption, the SSC will notify its customers in advance when able. During service disruptions, the SSC will not be held to established service level targets; however, if feasible or as required, the SSC will develop contingency plans to offset adverse impacts on service delivery.

## General Responsibilities

### Shared Responsibilities

The success of the shared services delivery model within the VCCS relies on partnership and collaboration between the SSC, respective colleges, and the System Office. This includes shared ownership of process standardization and optimization to drive service quality and satisfaction. The service levels established in this SLA are based on commitments between all parties.

The ability to achieve defined performance targets will not be consistently achieved if any of the following occur:

- One or more parties routinely fails to perform their defined responsibilities (see Section 6, "Service Descriptions and Rates" for additional details on roles and responsibilities by service area)
- Processes are not standardized and best practices not adopted
- Business systems are not reliably maintained

Any changes to SSC or customer responsibilities to improve upon approved service levels will be requested and agreed upon by following the procedures and protocols set out in Section 1.1, "Agreement Duration, Review, and Renewal."

### SSC Governance

The SSC Governance structure consists of an Executive Council, Management Council, and service-specific Process Councils and includes representatives from VCCS colleges, the System Office, and the SSC. Details on the roles and responsibilities of each Council, membership requirements, and administrative guidelines can be found in Virginia's Community College System Shared Services Center Governance Charter, located on the SSC website (<https://www.ssc.vccs.edu/about-us/governance/>).

The Management Council will review SSC performance at its quarterly meetings. These reviews will include a review of business activities and status, a review of the issues log; performance metrics; and service improvement plan reviews where applicable.

The Executive Council will review high-level SSC performance at its meetings. (Note that the responsibilities and the membership of these Governance Councils are described in the SSC Charter.)

### SSC Responsibilities

The SSC is responsible for:

- Providing the services within this agreement as defined in "Section 6, Service Descriptions and Rates"
- Supplying a monthly performance dashboard to all customers, available on the SSC website
- Ensuring all business processes and procedures comply with state and VCCS policy

- Responding to inquiries and requests promptly ( i.e., within time frames specified by service area under "Roles and Responsibilities" in "Section 6, Service Descriptions and Rates")
- Providing all requested documentation, information, and necessary support as requested by internal or external audit organizations

The SSC is not responsible for making policy. As needed, the SSC will work with the appropriate policymakers within the Commonwealth of Virginia and the VCCS on policy interpretation and application.

### Customer Responsibilities

Customers are responsible for:

- Providing complete, accurate, and reliable input for SSC services
- Allowing sufficient lead time when making requests, based on performance targets established in "Section 6, Service Descriptions and Rates"
- Performing service activities as described in "Section 6, Service Descriptions and Service Rates"
- Responding to inquiries and requests promptly (i.e., within time frames specified by service area in "Section 6, Service Descriptions and Rates")

## Service Level Metrics and Reporting Overview

Service level metrics are defined in collaboration with SSC and partner institutions. They are measured and distributed by the SSC to its customers to maintain accountability to performance standards and to ensure opportunities for continuous improvement are identified and acted upon.

Metrics are defined for each SSC Service Area to demonstrate performance across specific dimensions. Dimensions can include efficiency, effectiveness, and compliance. Examples of each aspect are included below.

### **Efficiency (Cycle Time)**

- Percent of submissions that meet established time criteria from the start of the system process until the end of the system process
- Efficiency can be defined by policy or customer requirements

### **Effectiveness**

- Number or percent of transactions that are completed by following the best practice workflow, as defined by the SSC Service Area

### **Compliance**

- Number and/or percent of transactions that are returned/recalled to the Customer for adjustment or correction based on the Commonwealth of Virginia and VCCS policies
- Number and/or percent of exceptions by type

The overriding goal in developing metrics is to support the SSC and its customers by monitoring and measuring the performance of service delivery and the execution of mutual responsibilities of all VCCS institutions in relation to the desired business outcomes. Where performance does not align with business needs, an analysis will be performed to understand root cause, options for resolution, and any improvements necessary to bring performance in-line with business needs.

It is expected that the performance of the SSC and VCCS Institutions will improve over time from continuous improvement efforts and that metrics may be added, updated, or removed over time to reflect changing or new business requirements. These metrics will be reviewed, as documented in "Section 3.1, Shared Responsibilities."

## Issue Resolution

### Purpose and Principles

The purpose of the issue resolution process is to ensure that issues are resolved promptly and to the satisfaction of all parties. Attempts will be made to resolve issues at the working levels and following the documented processes prior to escalation.

The issue resolution process is based on the following principles:

- All issues will be documented along with actions taken to resolve.
- Issue resolution is not considered complete until all parties agree that actions taken have satisfactorily resolved the issue.
- Issues that are not resolved to the satisfaction of all parties should follow the defined escalation process.

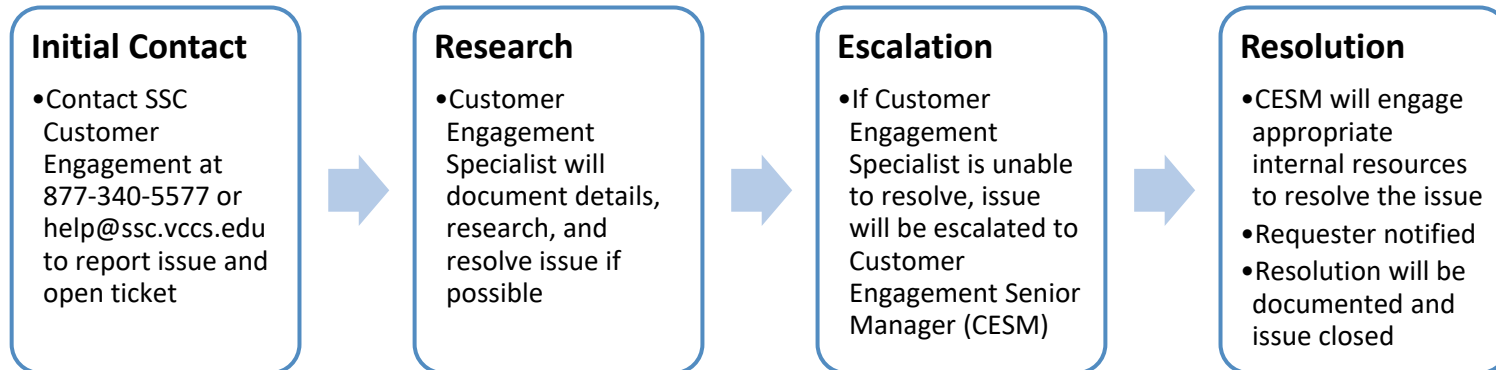

### Operational Issue Resolution Process

#### SSC Identified Issues

- SSC specialists will create and/or submit a ticket using the appropriate system (e.g., Salesforce, TeamDynamix), depending on the service line and the nature of the processing issue.
- Once a ticket is opened, it is automatically routed to the individual who will be working on the issue, which depends on the type of issue being reported. The customer (business manager or specified point of contact) will be provided with an update from the SSC regarding any issue(s) affecting their institution that requires escalation for resolution.
- The ticket will include any tasks that are assigned to other individuals who need to perform actions in order to resolve the issue.
  - If a step/task requires institution-level approval, a task will be created requesting the approval of the Authorized Approver, and the Business Manager or specified agency contact will be notified at the time the approval step is added.
- When a ticket is completed, the specialist who opened the case and any other parties involved will be notified.

### Customer Identified Issues

Customers who identify issues will contact the SSC Customer Engagement team as defined by the Customer Engagement Escalation Matrix.

Based on the nature of the inquiry, the Customer Engagement Specialist will follow an SSC-defined process to respond to the inquiry by opening a case for tracking the inquiry and its resolution, and as needed, routing the inquiry to the appropriate specialist or escalate the inquiry to management.

If there is an issue that cannot be resolved as a result of the process mentioned above, the SSC HR Operations Manager, SSC Director, and Senior Management from the Customer Institution will work together to determine a resolution. The SSC and VCCS Institutions are expected to apply due diligence in working through routine and complex issues prior to invoking escalation to the governance structure.

### Policy Issue Resolution Process

On occasion disputes may arise regarding the interpretation, completeness, or applicability of policy in regards to the delivery of SSC services. Such disputes may be brought forward by the SSC, by Customer Institutions, or by the System Office. "Policy," in this case, refers to any governing policy or procedure documents that set out respective responsibilities or manners of work, including this Service Level Agreement,

policy documents approved by the Process Council(s), or wider applicable VCCS policies and procedures. A matter is considered “in dispute” when it has not been satisfactorily agreed upon through normal discussions or, if applicable, the Operational Issue Resolution Process as set out in section 5.2 of this Service Level Agreement.

Any such dispute will be described in writing by the initiating party and transmitted to the Chair of the SSC Management Council, with courtesy copy to the other engaged parties at Customer Institution(s), the SSC, and System Office.

The Chair of the Management Council may, at their discretion, refer the matter to one or more Process Councils for their review and recommendations to the Chair and Management Council.

The Chair of the Management Council will bring the dispute before the Management Council at a regularly scheduled, or exceptional, meeting, at the Chair’s discretion.

The Management Council will be asked to consider the matter, offer motions of resolution, and vote upon such motions. The Chair will manage the timing and scheduling of this activity including, if appropriate, postponing voting to allow for further analysis, discussions, or other actions to fully inform potential resolutions.

The decisions of the Management Council will be considered final and the issue, and resolution, will be reported by the Chair of the Management Council to the Chair of the SSC Executive Council.

The SSC and engaged Customer Institution(s) and/or System Office will work together to fully implement the directives of the Management Council, and subsequently report back to the Management Council on such implementation efforts.

## Service Descriptions and Rates

### Finance Operations

SSC Finance Operations provides customers with Accounts Payable and Travel & Expense services.

#### Finance Operations Key Performance Indicators

Service	Unit of Measure	Enterprise Measure	SSC Measure	Customer Measure
<b>Accounts Payable</b>	Number of Completed Vouchers or ATV Distribution Lines	Percent of Images Resolved within 30 Days of SSC Receipt Date	Percent of Images Resolved within 15 Days of SSC Queue Time	Percent of Images Resolved within 10 Days of College Queue Time
				75% of Images Resolved at First Pass (FPY)
<b>Travel &amp; Expense</b>	Number of Approved Expense Reports	Percent of ERs Approved within 30 Working Days of Date Submitted	Percent of ERs approved or returned within 5 Working Days of SSC Queue Time	Percent of ERs Approved or Returned within 5 Working Days of College Queue Time
				75% of ERs Approved by SSC at First Pass

## Accounts Payable

### Accounts Payable Service Overview

The Accounts Payable process reviews images, backup documentation, and invoices submitted to the SSC by vendors or VCCS Institutions for goods or services provided to VCCS Institutions. Accounts Payable submissions are validated by ensuring compliance with CAPP and VCCS policies pertaining to cash disbursement.

The outcome of this process is payment issuance to vendors that comply with CAPP and VCCS Policies.

The Accounts Payable process begins when a good or service is provided to a VCCS entity by a vendor, and payment request and/or invoice is submitted to SSC for goods or services provided. The process ends when the payment is received by the vendor.

Accounts Payable is a system-driven workflow process initiated and completed through the Perceptive Content (formerly ImageNow), AIS, and Cardinal platforms. This service will:

- Review submissions for accuracy
- Ensure compliance with DOA and VCCS Financial Management Standards
- Promptly communicate any issues or adjustments needed to colleges and vendors
- Process vendor payments in accordance with prompt pay guidelines

### Accounts Payable Roles and Responsibilities

#	Action	Responsible Party	Target (if applicable)
1	Upon receipt of goods or services, complete the receiving process in the system within 3 days of the receipt of the goods or services per CAPP requirements.	Customer	Within 3 days of receipt
2	Remit correct information to SSC for non-PO voucher requests.	Customer	
3	Keep contacts up-to-date for Perceptive Content (formerly ImageNow) processing, PO management, and other necessary processing.	Customer	
4	Links documents to eVA purchase orders within Perceptive Content (formerly ImageNow).	SSC AP Specialist	
5	Administration of the document repository (i.e., Perceptive Content (formerly ImageNow)).	System Office ITS	

#	Action	Responsible Party	Target (if applicable)
6	<p>Complete intake of invoices (i.e., Invoice Receipt Queue).</p> <ul style="list-style-type: none"> <li>Move to Voucher Queue for voucher creation.</li> <li>Move to College or SSC Exception Queue, with exception reason identified, as appropriate, for action or resolution.</li> </ul>	SSC AP Specialist	
7	Review vendor or VCCS Institutions' submitted payment requests (invoices).	SSC AP Specialist	
8	Validate submissions for compliance with CAPP and VCCS Policies.	SSC AP Specialist	
9	Process payment in accordance with agreed-upon payment terms and methods.	SSC AP Specialist	
10	Ensure payments post to Cardinal within one (1) working day of the posting date or take appropriate action to ensure any unposted items are resolved within the next working day.	SSC AP Specialist	
11	Route issues to college or vendor for review and resolution.	SSC AP Specialist	
12	<p>Communicate with the college or vendor promptly regarding issues that may delay payment (improper invoice, missing information, etc.).</p> <ul style="list-style-type: none"> <li>Communicate with the college by email rather than Perceptive Content (formerly ImageNow) for colleges that have decentralized receiving</li> <li>Communicate with the vendor by phone call/email</li> </ul>	SSC AP Specialist	
13	Manage exception queue and resolve issues assigned from SSC.	Customer	
14	Provide monthly reporting to customers on exceptions.	SSC Data Analyst	
15	Respond to notices and take appropriate action for invoice exceptions.	Customer	
16	<p>Provide training to end-users, including but not limited to:</p> <ul style="list-style-type: none"> <li>Training on policies, processes, or system changes</li> <li>Remedial training to address common exceptions, errors, and issues</li> </ul>	SSC AP Specialist	
17	<p>Approve SSC created vendor setup. After AIS 9.2 upgrade, approve all SSC and college vendor setup within 3 working days.</p> <ul style="list-style-type: none"> <li>Ensure that all documents for SSC vendor setup are obtained and maintained (e.g., COVA W9)</li> </ul>	SSC AP Specialist	3 working days

#	Action	Responsible Party	Target (if applicable)
18	Review payments for proper 1099 reporting and ensure that all filing requirements are met by due dates. Provide adjusted 1099 information for review by the colleges 5 days prior to filing deadlines.	SSC AP Specialist	5 days prior to filing deadlines
19	Escalate any non-compliance by college or vendors to college leadership, vendors, and SSC management.	SSC AP Specialist	
20	Communicate with vendors before and after the transition to SSC to provide information on centralized Accounts Payable process.	SSC Customer Engagement Specialist	
21	Research and work with vendors to resolve vendor inquiries regarding payment status; communicate the resolution or required action(s) to the vendor (e.g., where the vendor has not provided a valid invoice or W9, the vendor will have to provide resolution).	SSC Customer Engagement Specialist	
22	Ensure compliance with APSPM and VCCS P2P Business Rules for P-Card purchases and completion of monthly P-Card logs.	Customer	
23	Where SSC provides P-Card reconciliation services, provide accurate P-Card logs by the required cutoff as per the business rules.	Customer	
24	Where P-Card reconciliation is provided by the SSC, reconcile P-Card logs, and provide ATV prior to the following month's statement (per DOA CAPP topic no. 20355).	SSC AP Specialist	
25	Respond to metrics with the appropriate action.	SSC AP Specialist Customer	

**Accounts Payable Service Level Metrics**

Accounts Payable will be measured on the following levels, as Perceptive Content (formerly ImageNow) and AIS functionality becomes available.

**Efficiency**

- Percent of submissions that are completed within 30 days of SSC receipt (AP01)
- SSC total time to process (receipt to SSC completion, receipt to reject, approval to AIS and Cardinal posting, when applicable)
- College total time to process (return to resubmission)
- Percent of submissions that are processed without additional rework required (First Pass Yield or FPY)

**Effectiveness**

- Percent of payments paid within due dates, as defined by DOA in CAPP Topic 20315, Prompt Payment

**Accounts Payable Cost of Service**

There is a lump sum allocation cost for the Accounts Payable services provided to SSC customers for FY 22.

**Travel & Expense**

**Travel & Expense Service Overview**

The Travel & Expense process validates travel-related expenses, as well as applicable business meal expense submissions, and processes employee reimbursement. Travel and expense submissions are validated by ensuring compliance with CAPP and VCCS policies pertaining to travel regulations. The outcome of this process is the reimbursement of travel-related expenses that comply with CAPP and VCCS policies.

The Travel & Expense process begins when an employee requests pre-approval, when required, and then requests reimbursement for travel-related expenses that were incurred while on VCCS business. Requests for reimbursement may or may not require pre-approval, depending on the nature of the travel and CAPP and VCCS policies.

Travel & Expense is a system-driven workflow process initiated and completed through the Chrome River platform. This service will:

- Review submissions for accuracy
- Ensure compliance with CAPP and VCCS policies
- Communicate any issues or adjustments needed to Travelers and Approvers
- Ensure expenses export to AIS and Cardinal, when applicable

**Travel & Expense Roles and Responsibilities**

#	Action	Responsible Party	Target (if applicable)
1	Submit Pre-Approval Reports, when applicable, to the supervisor prior to the beginning of the trip (first day of travel).	Customer (Traveler)	
2	Retain original receipt copies until the expense report has been paid.	Customer (Traveler)	
3	Submit expense reports to the supervisor.	Customer (Traveler)	Within 30 working days of the last day of travel
4	Certify the accuracy of all of the information, the legitimacy of the travel, and the appropriateness of the expenses and compliance with CAPP and VCCS Policies.	Customer (Traveler)	

#	Action	Responsible Party	Target (if applicable)
5	Apply the travel pre-approval report, when applicable, to the expense report and attach electronic receipts and supporting documentation in the report, as applicable.	Customer (Traveler)	
6	Certify agreement or disagreement that travel was necessary, the accuracy and appropriateness of accounting distribution, and all other pertinent expense information is compliant with CAPP and VCCS Policies.	Customer (Approver)	Within 5 working days of receipt
7	Notate review and approval of any amounts that exceed the pre-approval amount.	Customer (Approver)	
8	Ensure that the approval flow is correct.	Customer (Approver)	
9	Review travel expense submissions.	SSC T&E Specialist	
10	Validate expenses for compliance with CAPP and VCCS policies.	SSC T&E Specialist	
11	Approve validated expenses for reimbursement or return/recall items for adjustments with notes/comments as necessary within 5 working days of receipt.	SSC T&E Specialist	Within 5 working days of receipt
12	Correct returned/recalled expense reports and supply requested information.	Customer (Traveler)	Within 5 working days
13	Assist travelers and/or approvers with issues that are escalated through the SSC Customer Engagement team.	SSC T&E Specialist	
14	Provide training on significant changes for all employees.	SSC T&E Specialist	
15	Provide recurring training for new and advanced users, including remedial training, to address common errors and issues.	SSC T&E Specialist	
16	Provide Ad hoc training as requested by the Customer.	SSC T&E Specialist	
17	Set-up new institutions on the Chrome River system.	SSC Chrome River Administrator	
18	Communicate maintenance schedule to impacted users.	SSC Chrome River Administrator	
19	Identify system enhancements and prioritize enhancements for scheduled system upgrades.	SSC Chrome River Administrator	
20	Review export errors that typically pertain to expenses and escalate to appropriate parties, as needed.	SSC Chrome River Administrator	

#	Action	Responsible Party	Target (if applicable)
21	Review import errors that typically pertain to employee data and escalate to appropriate parties, as needed.	SSC Chrome River Administrator	
22	Distribute approval flows to appropriate parties on an annual basis.	SSC Chrome River Administrator	Annually
23	Distribute Chrome River roles to appropriate parties on an annual basis.	SSC Chrome River Administrator	Annually
24	Distribute a list of active department codes and, if applicable, budget owners to appropriate parties.	SSC Chrome River Administrator	Semi-annually
25	Review AIS and/or Cardinal load issues and escalate to appropriate parties (Business Office), as needed.	SSC Chrome River Administrator	

**Travel & Expense Service Level Metrics**

Travel & Expense will be measured on the following levels, as Chrome River functionality becomes available:

**Efficiency**

- Cycle time (measured by percent of submissions that meet established time criteria from the start of the system process until the end of the system process)
- SSC time to return or approve expense report
- Time from employee submission to posting of payment in AIS and Cardinal, when applicable
- SSC total time to process (receipt to SSC approval, receipt to return, approval to AIS and Cardinal posting, when applicable)
- College time to process (submission to institution-level approval, return to resubmission)

**Compliance**

- Percent of expense reports that are returned/recalled to the submitter for adjustment or correction based on CAPP and VCCS policies
- Percent of expense reports that are returned/recalled to the submitter for adjustment or correction based on the error type

**Travel & Expense Cost of Service**

There is a lump sum allocation cost for the Travel & Expense services provided to SSC customers for FY 22.

## Human Resources Operations

SSC Human Resources (HR) Operations provides customers with Applicant Tracking System (ATS), Hire to Retire (H2R) Processing, Payroll Processing, Time and Labor Absence Management (TLAM) services.

### HR Operations Key Performance Indicators\*

Service	Unit of Measure	Enterprise Measure	SSC Measure	Customer Measure
<b>Payroll Processing</b>	Number of Employees Processed by SSC Payroll			
<b>TLAM</b>	Number of Employees Processed by SSC TLAM			

*\*Note: KPIs for Payroll and TLAM to be defined, reviewed, and published in coordination with SSC, Internal Audit, and College Stakeholders.*

## Payroll Processing

### Payroll Processing Service Overview

The Payroll process ensures payment of wages and withholding of deductions for VCCS employees are in compliance with all relevant CAPP and VCCS policies.

The process includes entries into the CIPPS system for new hires, rehires, and terminations. It also includes updates to employees' personal, employment, benefit, and deduction information.

The payroll process begins with the pay periods as defined by VCCS policy and DOA processing deadlines. Source documentation is provided to SSC Payroll by the Customer, the SSC Hire-to-Retire service area, or benefits administrators. The process ends when employees are paid.

Payroll is both a manual and a system-driven process. Once time records are approved in HRMS, SSC Payroll initiates the interface process from HRMS to CIPPS for wage, adjuncts (if applicable), and salaried non-exempt employees receiving overtime. Payroll also utilizes an upload template for special payments that are sent to DOA via automated FTP. SSC payroll specialists are responsible for:

- Reviewing daily edits from CIPPS for accuracy
- Ensuring compliance with CAPP and VCCS policies
- Promptly communicating any issues to the Customer or DOA
- Ensuring prompt payment to employees

**Payroll Processing Roles and Responsibilities**

#	Action	Responsible Party	Target (if applicable)
1	Provide all documents to agency HR and Payroll offices prior to scheduled submission deadlines.	Customer (Employees and Supervisors)	By submission deadlines
2	Complete all HRMS timesheet entries and approvals by scheduled submission deadlines.	Customer (Employees and Supervisors)	By submission deadlines
3	Submit documentation for processing in accordance with the provided schedule. <ul style="list-style-type: none"> <li>• Immediately communicate any pay changes received after the scheduled deadline that impact the current payroll certification.</li> </ul>	Customer (Designated HR and Payroll Contacts)  <i>Note: If the Customer uses SSC Hire-to-Retire services, this task is performed by the SSC HR specialist.</i>	
4	View the employee's social security card to verify his/her legal name and key PSE300 in PMIS. <ul style="list-style-type: none"> <li>• Provide the PSE300 screen print, with employee information displayed, to SSC Payroll.</li> </ul>	SSC HR Technician  <i>Note: Only if the Customer is already using SSC Payroll.</i>	

#	Action	Responsible Party	Target (if applicable)
5	<p>Complete entry/updates into PMIS, BES, and HRMS systems for the following:</p> <ul style="list-style-type: none"> <li>● New Hires</li> <li>● Rehires</li> <li>● Terminations</li> <li>● Updates to Employment Information</li> <li>● Updates to Personal Information</li> <li>● Updates to Benefits Information</li> </ul>	<p>Customer (Designated HR and Payroll Contacts)</p> <p><i>Note: If the Customer uses SSC Hire to Retire services, these tasks (except for benefit changes) are performed by the SSC HR Specialist.</i></p>	
6	<p>Complete entry/updates into the CIPPS system for Full Time (Classified, Faculty, Restricted) and Part-Time (Wage, Federal Work-study, Student, Adjunct) staff.</p> <ul style="list-style-type: none"> <li>● New Hires</li> <li>● Rehires</li> <li>● Terminations</li> <li>● Updates to Employment Information</li> <li>● Updates to Personal Information</li> <li>● Updates to Benefit Information</li> <li>● Batch Entries for Manual Payments</li> <li>● Payroll edits/scrubs</li> </ul> <p>All documents received by the scheduled submission deadline will be processed by the scheduled certification deadline (Hiring Authorization, Tax Forms, Direct Deposit Authorization, etc.).</p>	<p>SSC Payroll Specialist</p>	
7	<p>For out-of-state employees, open account with the designated state, for both SUI and all tax withholding jurisdictions (e.g., state and local).</p>	<p>Customer (Designated HR and Payroll Contacts)</p>	
8	<p>Set up appropriate tax jurisdictions in CIPPS as provided by the Customer.</p>	<p>SSC Payroll</p>	

#	Action	Responsible Party	Target (if applicable)
9	<p>Adjunct Faculty Contracts:</p> <ul style="list-style-type: none"> <li>Ensure contracts are keyed and approved in HRMS</li> <li>Provide a contract spreadsheet with per pay period totals</li> </ul>	Customer (Designated HR and Payroll Contacts)

22	Grant and remove accesses to Shared Drive (PSDATA) for their agency staff who have access.	Customer (Security Officer)	

#	Action	Responsible Party	Target (if applicable)
23	Request view accesses for all SSC Payroll Specialists for the following: <ul style="list-style-type: none"> <li>• Securian (Minnesota Life)</li> <li>• FBMC</li> <li>• UNUM</li> </ul>	Customer (Security Officer)	
24	Request view-only access for all college users in CIPPS.	Customer (Security Officer)	Within 30 days after transition to SSC
25	Respond to TeamDynamix tickets about any issues and communicate any updates to the appropriate SSC Payroll Specialist.	System Office ITS	Within 8 hours
26	Distribute memos, reminders, and guidance related to Payroll processing to college staff and fiscal office leadership. <ul style="list-style-type: none"> <li>• Work with System Office to provide information/instruction to colleges when DOA distributes new CIPPS or other payroll-related language</li> </ul>	SSC Payroll	
27	Complete testing and integration of new language, pay codes, etc. into AIS and inform college and SSC Payroll staff of effective date for new integrations.	System Office ITS	
28	Complete Fiscal Year-End Payroll Reports, including payroll accrual time entries.	Customer (Designated HR and Payroll)	
29	Maintain electronic copies of all documentation received for payroll processing in the shared file location.	SSC Payroll	
30	Maintain all original copies of payroll documentation.	Customer (Designated HR and/or Payroll)	
31	CIPPS to Cardinal reconciliation since the SSC does not handle the financial work associated with the agency budget details.	Customer (Designated HR and/or Payroll)	

**Payroll Processing Cost of Service**

There is a lump sum allocation cost for the Payroll services provided to SSC customers for FY 22.

**Time and Labor Absence Management (TLAM)**

**TLAM Service Overview**

### **Time Administration**

The Time Administration process converts reported and scheduled time into payable time. It executes rules defined in the system using Time and Labor's online tools, selects time reporters for processing, combines time reports into batches, determines the period to process, and calculates prior period adjustments before passing time reporter data to Payroll.

The Time Administration process will convert reported and scheduled time into payable time. Once payable time exists, Authorized Approvers can approve the time.

Time Administration is a schedule-based service driven by payroll periods. This service will:

- Schedule and run Time Administration process for each payroll period close, and complete within agreed upon time frame
- Communicate all exceptions adversely impacting creation of payable time
- Communicate all unapproved time to Authorized Approvers and the specified Liaison email box
- Send standardized communications to Authorized Approvers from the SSC to all colleges and the System Office
- Require employees to submit leave requests to Authorized Approvers

### **Calendar Process**

The Calendar Process of Absence Management is designed to review data from various HRMS pages and perform Tasks to update the employee's leave balances. The Calendar Process reads absences reported by an individual. Employees accrue absence leave by being placed in the proper leave plan. During the Take Calendar processing, the employee's balances are reduced accordingly. The Entitlement Calendar processing determines if the employee is eligible for leave accrual, the leave plan in which the employee is eligible, and the accrual amount due to the employee.

The Calendar Processing outcome is known as the calendar results. Calendar results are retained for each processed Calendar and can be accessed to review the actions that occurred for a particular employee.

Calendar processing is schedule-based service driven by a semi-monthly calendar period end, which ends on the 9th and 24th of each month, and the following four (4) days thereafter. This service will:

- Update all leave balances/entitlements, ensuring that all leave entitlements are processed, and all approved leave requests have been processed and taken
- Process any unpaid leave
- Provide data for other third-party forms or related sub-processes
- Produce queries used by the administrator to support and document calendar processing

The Calendar Process of New Year Leave occurs annually in early January. It is designed to review data from various HRMS pages and perform tasks to update employee's leave balances. During the excess leave processing, leave balances that do not transfer to the New Year are removed. The annual Entitlement Calendar follows to grant annual New Year leave balances to eligible employees.

Certain leave plans allow employees to carry an Excess Leave Balance from January 10 until July 9. As of July 9, any Excess Leave balances remaining must be removed from the excess leave plans. For some leave plans, the leave is deleted, and for other leave plans, the leave is converted to Sick Leave and added to the employee's current balance.

The Annual 9-month Faculty Entitlement Calendar provides and updates any leave balances remaining for the 9-month faculty leave plans. Remaining balances in College Personal are moved to Sick Leave (9-month faculty), and new Balances for College Personal and Sick Leave are loaded for the term.

The Leave Liability Report provides employee balances for all Annual Leave Plans, Traditional Sick Leave Plans, Compensatory Leave, Overtime Leave, Bonus Leave, Other Leave, Recognition Leave, On-Call Leave, and Disability Leave. The Commonwealth of Virginia requires the agencies to provide Leave Liability data on a fiscal year basis, July 1 - June 30. The Leave Liability Report provides employees balances for all leave plans that require a payout to the employee at the time of termination, which includes Annual Leave Plans, Traditional Sick Leave Plans, Compensatory Leave, Overtime Leave, Bonus Leave, Other Leave, Recognition Leave, On-Call Leave, and Disability Leave. The SSC will configure and process the calendars in preparation of the report, as well as provide a first draft of the report to each agency.

## TLAM Roles and Responsibilities

### Time Administration Process

#	Action	Responsible Party	Target (if applicable)
1	Run the Time Administration Process, the Refresh Dynamic Group Process, and the queries used to support these processes, in accordance with the published, scheduled dates located at <a href="https://www.ssc.vccs.edu/human-resources/time-administration/calendar/">https://www.ssc.vccs.edu/human-resources/time-administration/calendar/</a> .	SSC TLAM Specialist	
2	Process time, record data, and communicate to authorized approvers and employees, completing this process by the Wage or Salaried, Non-Exempt pay period end date.	SSC TLAM Specialist	
3	Submit tickets and communicate all exceptions and issues adversely impacting payable time creation within two (2) hours of generation.	SSC TLAM Specialist	Within four (4) hours

#	Action	Responsible Party	Target (if applicable)
4	Monitor outstanding payable time and escalate to the Liaison by 10:30 AM on payroll deadline due date.	SSC TLAM Specialist	10:30 AM on payroll deadline due date
5	Communicate Time Reporting issues, as outlined in the Standard Operating Procedures (SOP), to the appropriate Liaison(s) before issue(s) impact the employee. <ul style="list-style-type: none"> <li>SOPs can be found on Buzz: Human Resource Services &gt; Documents &gt; Shared Services Information &gt; "SSC Documents."</li> </ul>	SSC TLAM Specialist	
6	Publish schedule for the Colleges and the System Office for a 2-month rolling period.	SSC TLAM Specialist	
7	Enter the time, according to the published schedule.	Customer (Employee)	
8	Update hours as needed according to VCCS guidelines and submit timesheet by the time the employee leaves his/her work site on the final day of the pay period.	Customer (Employee)	The final day of the pay period
9	Take action on email notifications within eight (8) business hours of receipt to meet payroll deadlines, subject to individual college's schedule.	Customer (Employee)	Within eight (8) business hours of notification
10	Take action to resolve errors within eight (8) business hours of notification.	Customer (Employee)	Within eight (8) business hours of notification
11	Approve full-, and part-time employees' submitted time by 10:30 AM on the third working day after the pay period end date and ensure that non-exempt employees have reported hours worked, to comply with FLSA. Deadlines are published and can be found at <a href="https://www.ssc.vccs.edu/human-resources/time-administration/calendar/">https://www.ssc.vccs.edu/human-resources/time-administration/calendar/</a> . <ul style="list-style-type: none"> <li>If the 10:30 AM deadline adversely impacts a college payroll, then it is the college's responsibility to communicate and enforce an earlier deadline.</li> </ul>	Customer (Authorized Approver)	10:30 AM on the third working day after the pay period end date
12	Review and take action by 12:00 PM on the next working day when notified of submitted time errors or exceptions, subject to individual college's schedule.	Customer (Authorized Approver)	12:00 PM next working day
13	Review active employee timesheets to ensure time has been submitted or implement a process to notify employees and managers who have not submitted time.	Customer (HR)	

#	Action	Responsible Party	Target (if applicable)
14	Keep the "Reports to," "Department," and email address information up-to-date to ensure the appropriate individual (Authorized Approver) will receive automated emails related to Time Administration Approval.	Customer (HR)	
15	Work with IT to update the HRMS Security (Dept.) Tree.	Customer (HR)	
16	Resolve any outstanding exceptions or escalated issues prior to the Payroll deadline.	Customer (Liaison)	
17	Perform overtime and/or compensatory time adjustments.	Customer (Liaison)	
18	Determine a backup for Authorized Approvers in the event of an absence, illness, inclement weather, etc. <ul style="list-style-type: none"> <li>Establish a manual backup process for obtaining approval (by email or by phone), or update HRMS Security Tree</li> </ul>	Customer (HR, Authorized Approvers, Liaison)	
19	Update the HRMS Security (Dept.) A tree within eight (8) business hours of learning about any issues, begin the process so that the security process has been run to ensure that designated Authorized Approvers have access to their appropriate department(s).	Customer (IT)	Within eight (8) business hours
20	Respond to tickets and develop a resolution to be tested for processes that end in No Success. Communicate any updates to the appropriate SSC HR Specialist. Close tickets within 8 business hours of SSC or college reporting that they have successfully tested and validated resolution. For tickets that require approvals for production updates, close ticket within 4 business hours of receiving approval from SSC for production changes..	System Office ITS	Within 8 business hours

**Calendar Processing (Semi-Monthly, Special Calendars, and Leave Liability Reporting)**

#	Action	Responsible Party	Target (if applicable)
1	Run the Calendar Processes and the queries used to support these processes, in accordance with the published, scheduled dates located at <a href="https://www.ssc.vccs.edu/human-resources/time-administration/calendar/">https://www.ssc.vccs.edu/human-resources/time-administration/calendar/</a> .	SSC TLAM Specialist	
2	Process, Analyze, and Report Unapproved and Unpaid Leave.	SSC TLAM Specialist	

#	Action	Responsible Party	Target (if applicable)
3	Cancel, Identify/Calculate, and Finalize calendars across all colleges to resolve and finalize all approved leave requests to update leave balances.	SSC TLAM Specialist	
4	Submit tickets and communicate all issues adversely impacting calendars and accuracy of leave balances within two (2) working hours of generation.	SSC TLAM Specialist	Within two (2) working hours of generation
5	Notify the Liaison of any Unapproved Leave (by 10:15 AM) and Unpaid Hours (by 11:00 AM) on Day 2 - Notification: Unapproved Leave.	SSC TLAM Specialist	According to published deadlines in the TLAM Activities Calendar
6	Communicate Calendar Processing issues, as outlined in the Standard Operating Procedures (SOP), to the appropriate Liaisons before issue(s) impact the employee.	SSC TLAM Specialist	
7	Publish schedule for the Colleges and the System Office for a 2-month rolling period.	SSC TLAM Specialist	
8	Provide agencies with the first draft of their annual Leave Liability Report.	SSC TLAM Specialist	
9	Enter absence requests correctly and in a timely manner.	Customer (Employee)	
10	Take action on email notifications from SSC to delete or rework leave within eight (8) business hours of receipt.	Customer (Employee)	Within eight (8) business hours of notification
11	Take action on notifications from Authorized Approvers to resolve errors within four (4) business hours of receipt.	Customer (Employee)	Within four (4) business hours of notification
12	Approve any submitted absence requests by the close of business on the fourth working day after the 9 <sup>th</sup> and the 24 <sup>th</sup> . <ul style="list-style-type: none"> <li>This will only occur if Human Resources made any leave adjustments during Day 3 if leave request is submitted after the pay period end date</li> <li>Deadlines are published and can be found at <a href="https://www.ssc.vccs.edu/human-resources/time-administration/calendar/">https://www.ssc.vccs.edu/human-resources/time-administration/calendar/</a></li> </ul>	Customer (Authorized Approver)	According to published deadlines in the TLAM Activities Calendar
13	Keep Time and Labor Information and Maintain Employment data in HRMS up-to-date to avoid receiving notifications from SSC HR Specialists on Day 1 Notifications: Missing Critical AM/TL Data.	Customer (HR)	

#	Action	Responsible Party	Target (if applicable)
14	Resolve any Unpaid Hours issues by - Finalize Calendar Processing.	Customer (HR)	According to published deadlines in the TLAM Activities Calendar
15	Ensure Leave Type(s) taken are accurate to avoid unpaid leave situations; review to be completed the first day following the end of the pay period.	Customer (HR)	The first day following the end of the pay period
16	Validate results of the Leave Liability Report, perform any necessary adjustments, and complete Schedules 7, 8, and 8b, as required by their agency.	Customer (HR)	
17	Perform overtime and/or compensatory time adjustments.	Customer (Liaison)	
18	Approve any leave requests in an Unapproved status, in the absence of an employee's supervisor, with appropriate authorization and documentation. <ul style="list-style-type: none"> <li>Establish a manual backup process for obtaining approval (by email or by phone), or update HRMS Security Tree</li> </ul>	Customer (Liaison)	
19	Resolve any Unpaid Hours issues by the close of business on the third working day after the 9 <sup>th</sup> and the 24 <sup>th</sup> .	Customer (Liaison)	According to published deadlines in the TLAM Activities Calendar
20	Perform Leave Administrator Processes: adjust employee leave balances, void approved leave, employee self-service interface support, monitor employee leave balances, validate results of new year calendar processing, manual load of excess leave, mid-year calendar processing, leave liability reporting, new hire leave management, and employee termination leave balances.	Customer (Liaison)	
21	Respond to tickets and develop a resolution to be tested for calendars that do not process to success and when Calendar Processing Statistics are less than 100%. Communicate any updates to the appropriate SSC HR Specialist. Close tickets within 8 business hours of SSC or college reporting that they have successfully tested and validated resolution. For tickets that require approvals for production updates, close ticket within 4 business hours of receiving approval from SSC for production changes.	System Office ITS	Within eight (8) business hours

**Mass Holiday Load**

#	Action	Responsible Party	Target (if applicable)
1	Load holiday hours to employee timesheets according to individual college, System Office, and SSC holiday schedules the day before the semi-monthly period begins (will be loaded on the 9 <sup>th</sup> and 24 <sup>th</sup> for the following semi-monthly period).	SSC TLAM Specialist	One (1) day before the semi-monthly period begins
2	Verify that holiday time has loaded to employee timesheets. Submit tickets and communicate all issues adversely impacting mass holiday load within 2 hours of generation.	SSC TLAM Specialist	Within two (2) hours of generation
3	Publish schedule for the Colleges and the System Office for a 2-month rolling period.	SSC TLAM Specialist	
4	Upload Approved Holiday Calendar for the upcoming year to College Folder on Buzz by December 1.	Customer (HR)	By December 1
5	Notify the SSC of any changes to the Holiday Schedule via email.	Customer (HR)	
6	Communicate with Liaison in which employees are not eligible to receive holiday hours.	Customer (HR)	
7	Employees are not to manually enter holiday hours.	Customer (Employee)	
8	Manually remove holiday hours from the employee's timesheets who are not eligible for the holiday.	Customer (Liaison)	
9	Respond to tickets and develop a resolution to be tested for issues with mass holiday loads that do not process successfully. Communicate any updates to the appropriate SSC HR Specialist. Close tickets within 8 business hours of SSC or college reporting that they have successfully tested and validated resolution. For tickets that require approvals for production updates, close ticket within 4 business hours of receiving approval from SSC for production changes.	System Office ITS	Within eight (8) business hours

**TLAM Service Level Metrics**

**Time administration will be measured on the following levels:**

**Efficiency**

- Cycle time (start of system process until the end of the system process)

**Compliance**

- Number of Exceptions by type and Number of Exception rates per metric definition (defined as the number of exceptions divided by the number of timesheets processed) by colleges and System Office

**Calendar Processing will be measured on the following levels:**

**Productivity**

- Number of calendar groups processed per day, per calendar schedule
- Unpaid Hours notifications sent per college

**Efficiency**

- Cycle time (start of system process until the end of the system process, as executed by SSC HR Specialists)

**Compliance**

- Number of Notifications (after the 3 day grace period) by type and Number of Unpaid Hours per metric definition (defined as the number of unpaid hours query results divided by the number of notifications processed) by colleges and System Office

**Mass Holiday Load will be measured on the following levels:**

**Productivity**

- Number of mass holidays loaded per semi-monthly period

**Efficiency**

- Cycle time (start of system process until the end of the system processes)

**TLAM Cost of Service**

There is a lump sum allocation cost for the TLAM services provided to SSC customers for FY 22.

[Hire to Retire Processing](#)

**Hire to Retire Processing Service Overview**

The SSC Hire to Retire Service provides standardized position management, talent acquisition, applicant tracking, onboarding, and offboarding services to customers.

**Position Management, Talent Acquisition, and Applicant Tracking**

The SSC Hire to Retire Team maintains VCCS positions and employee requisitions through 3<sup>rd</sup> party Applicant Tracking System by assisting the college with performing the following functions:

- Maintain the job description repository and DHRM classifications
- Identify accurate pay band ranges
- Maintain and monitor all current job postings for consistency and formatting prior to posting the position
- Identify and notify the institution of any missing or additional information needed on the Position Requisition, or Job Posting

**The SSC Hire to Retire Team performs the following functions for Talent Acquisition and Applicant Tracking:**

- Manage 3<sup>rd</sup> party recruitment vendors and channels
- Manage/track applicant data
- Maintain and report on applicant and recruitment records
- Upon college request monitor completion of electronic reference check
- Ensure hires/rehires/transfers are forwarded to onboarding

**ATS - Position Management, Talent Acquisition, and Applicant Tracking**

#	Action	Responsible Party	Target (if applicable)
1	Initiate position requisition for approval.	Customer (College HR)	
2	Monitor all positions requested for complete data to ensure approvals are completed timely.	ATS Specialist	
3	Confirm search committee members have completed required training (i.e., Virginia Learning Center).	Customer (College HR)	

#	Action	Responsible Party	Target (if applicable)
4	<p>Initiate posting and define:</p> <ul style="list-style-type: none"> <li>● Search committee members</li> <li>● Guests (those outside of VCCS who would need access to specific posting/candidates)</li> <li>● Reference Check process (college or electronic)</li> <li>● Job Boards/advertising sources</li> <li>● Interest Card/s</li> <li>● Initial Applicant review workflow state (i.e., search committee or college HR)</li> </ul>	Customer (College HR)	
5	Ensure Search Committee members have correct the User Group access to view the posting.	Customer (College HR)	
6	Upon request, assist with search committee member access and approve.	ATS Specialist	
7	Review posting information for consistency with formatting and use of college logo.	ATS Specialist	
8	Post positions to defined job boards/advertising agency/ies.	ATS Specialist	
9	Upon request, cancel, extend or otherwise change posting deadlines after postings have gone live.	ATS Specialist	
10	Monitor applications, identify candidates for interview and move candidates through workflow.	Customer (College)	
11	Determine finalist and begin Hiring Proposal.	Customer (College)	
12	Begin the reference check process for college reference checking.	Customer (College HR)	
13	Monitor electronic reference checking process for completion and notify College HR when complete.	ATS Specialist	

#	Action	Responsible Party	Target (if applicable)
14	Assist applicant with adding additional references as needed.	ATS Specialist	
15	Order Background Check, monitor turn-around time, and escalate issues.	Customer (College HR)	
16	Complete tasks associated with Background check.	Customer (New Hire)	
17	Monitor Hiring Proposal to ensure approvals are completed timely.	Customer (College), and ATS Specialist	
18	Make a verbal and electronic offer to the final candidate.	Customer (College)	
19	Provide required authorization document(s) for new hires, rehires, and transfers for processing to Hire to Retire onboarding. <ul style="list-style-type: none"> <li>● Offer letter Application/resume</li> <li>● Hiring Info Form, Hiring Authorization Form, or Keying Sheet</li> <li>● College authorized electronic documentation provided through the Hiring Proposal process (VCCS10, transcripts, EWP, etc.)</li> </ul>	ATS Specialist	By the end of business on the second business day of Hire Approved notification
20	Run HRMS termination report and deactivate user account in PeopleAdmin System.	ATS Specialist	Weekly
21	Review integration error report generated by PeopleAdmin and/or HRMS to resolve Error file import issues.	ATS Specialist	Daily

Employee Onboarding and Offboarding

The SSC Hire to Retire Team services include processing onboarding/offboarding data entry for full- and part-time new hires, rehires, transfers, in-band adjustments, bonuses, terminations, and data clean-up as it relates to H2R transactions. The SSC processes for all employee types: classified, restricted classified, teaching faculty, administrative faculty, professional faculty, restricted faculty, wage, federal work-study, students/other work-study, adjunct faculty, and WDS faculty.

**Employee Onboarding and Offboarding**

#	Action	Responsible Party	Target (if applicable)
1	Complete onboarding/offboarding tasks in the appropriate system/s, i.e., Onboarding system, PMIS, BES, HRMS.	SSC HR Technician	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule
2	Provide new hire documents and complete employee onboarding/offboarding tasks, if applicable.	Customer (Employee)	Complete on or before the first day of employment/ by task deadline assigned
3	Provide required authorization document(s) for new hires, terminations, transfers, compensation adjustments, and personal data changes for Full Time (classified, teaching/administrative faculty, restricted) and Part-Time (wage, federal work-study, student, adjunct/WDS) positions.  Social Security Card (for transfers and rehires, the agency needs to provide a verification only). <ul style="list-style-type: none"> <li>Verification of previous state service (VNAV verification for proper effective hire date)</li> </ul>	Customer (HR)	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule

#	Action	Responsible Party	Target (if applicable)
4	View employee's social security card to verify legal name and key PSE300 in PMIS.	SSC HR Technician	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule
5	Complete tasks associated with Form I-9.	Customer (Employee) and Customer (HR)	Employee: Complete and sign Section 1 of Form I-9 no later than the first day of employment.  HR: Complete Section 2 within three business days of the date of hire of the employee.
6	Monitor the completion of new hire forms in the system and submit to SSC Payroll.  <i>Note: If the Customer does not use SSC Payroll Processing Service, then documents will be securely submitted to or made available via onboarding system for customer HR two (2) days prior to Payroll deadlines, as established in the VCCS Payroll Submission and Check Distribution Schedule.</i>	SSC HR Technician	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule
7	Contact new hires who do not complete system tasks by deadlines.	SSC HR Technician and Customer (HR)	
8	Ensure that H2R related data entry into HRMS does not impact leave accruals.	SSC HR Technician	In accordance with TLAM Calendar Processing deadlines

#	Action	Responsible Party	Target (if applicable)
9	<p>Process the following transactions in HRMS:</p> <ul style="list-style-type: none"> <li>● Position Management (new positions and position data updates)</li> <li>● New Hires (classified, teaching/administrative faculty, wage, federal work-study, student, adjunct/WDS)</li> <li>● Add Employment Instance/Additional Job</li> <li>● Transfers</li> <li>● Rehires</li> <li>● Promotions/Demotions</li> <li>● Terminations</li> <li>● Compensation Changes</li> <li>● Personal Data Change (name change, address change, etc.)</li> </ul>	SSC HR Technician	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule
10	<p>Process the following transactions in PMIS:</p> <ul style="list-style-type: none"> <li>● Original Appointment/New Hire</li> <li>● Rehire</li> <li>● Promotion/Demotion/Transfer</li> <li>● Bonus/In-Band Adjustment</li> <li>● Faculty Field Change</li> <li>● Personal Data Change</li> <li>● Classified Compensation (Same Role and Position)</li> <li>● Agency Action Pay (Temp Pay)</li> <li>● Position Role Change and Employee Change</li> </ul>	SSC HR Technician	In accordance with VCCS deadlines as established in the VCCS Payroll Submission and Check Distribution Schedule
11	<p>Process the following New Hire transactions in BES:</p> <ul style="list-style-type: none"> <li>● New Hire benefit enrollment</li> <li>● Flexible Spending Accounts</li> </ul>	SSC HR Technician	Once the employee completes the Benefits Enrollment Form and within 30 days of their start date

#	Action	Responsible Party	Target (if applicable)
12	Process the following benefit transactions: <ul style="list-style-type: none"> <li>• Designation of Beneficiary (VRS-2)</li> <li>• Minnesota life</li> <li>• Qualifying Mid-year event</li> </ul>	Customer (HR)	
13	Perform validation of data by running HRMS Standard queries to include: <ul style="list-style-type: none"> <li>• VX_HR_VALIDATE_EMP_PERSON</li> <li>• VX_HR_VALIDATE_BEN_PLAN_EMP</li> <li>• VX_HR_VALIDATE_POSITION_ACTIVE</li> <li>• VX_HR_BUDGET_DATA</li> <li>• VX_HR_DATA_ENTRY_4</li> </ul>	SSC HR Technician	9th <sup>th</sup> and 24 <sup>th</sup> of each month
14	Identify and escalate HRMS and/or PMIS processing issues to the appropriate entity and communicate details to customer HR, including issue resolution.	SSC HR Technician	
15	Respond to Team Dynamix tickets and communicate updates to appropriate SSC HR Technician.	System Office (ITS)	Initial response within 8 business hours

### Procurement Operations

SSC Procurement Operations provides customers with contracting and purchasing services.

#### Procurement Operations Key Performance Indicators

Service	Unit of Measure	Enterprise Measure	SSC Measure	Customer Measure
---------	-----------------	--------------------	-------------	------------------

Contract Solicitations*	Number of Completed Contract Solicitation Requests			
Purchase Requisitions	Number of Completed Purchase Requisitions	Percent of PRs Approved within 30 Days of Date Submitted	Percent of PRs Approved within 5Days of SSC Queue Time	Percent of PRs Approved within 10 Days of College Queue Time

\*Note: KPIs for Contract Solicitations to be defined, reviewed, and published in coordination with SSC, Internal Audit, and College Stakeholders.

### Procurement Service Overview

The Procurement service line handles requests to procure goods and services. Procurement reviews purchase requisitions and strategic sourcing requests, solicits quotes, awards purchase orders, solicits bids and proposals for competitive procurements, executes contracts, drafts justifications in support of purchases, and requests necessary approvals. These activities are governed by and performed according to VCCS and Commonwealth policies and regulations pertaining to public procurement.

In general, the objective of the Procurement service line is to award a contract or to issue a purchase order authorizing the purchase of goods or services. However, the service may correctly make no award, or determine that a purchase is unjustified based on the facts and circumstances of the particular request.

Procurement tasks are initiated and worked through either eVA or Salesforce, depending on the procurement type.

### Procurement Roles and Responsibilities

#	Action	Responsible Party	Target (if applicable)
1	Submit purchase requisitions and solicitation requests in compliance with VCCS business rules.	Customer	
2	Review and execute VCCS entity Purchase Requests in compliance with all applicable policies, including but not limited to the Commonwealth and VCCS Policies (compliant vendors are included). <ul style="list-style-type: none"> <li>Obtain waivers from VCE/mandatory sources where appropriate and necessary</li> </ul>	SSC Procurement	
3	Request follow-up from customers as needed for purchase requisitions and solicitation requests.	SSC Procurement	

#	Action	Responsible Party	Target (if applicable)
4	Respond to order inquiries from SSC.	Customer	Within 3 days
5	Lead VCCS institution solicitations, including negotiations where applicable, and execute resulting contracts.	SSC Procurement	
6	Participate in solicitation committees and contract administration.	Customer	
7	Complete orders in a timely manner, assuming all documentation is provided with the count of working days beginning after all required documents are received and where compliance allows.	SSC Procurement	
8	Maintain current business process documentation and policies and procedures.	SSC Customer Engagement	
9	Responsible for ensuring the financial integrity of the college, including complying with any published financial standards and providing a response to financial audits.	Customer	
10	Responsible for responding to procurement audit-related information requests in a timely manner.	SSC Procurement	

### Procurement Service Level Metrics

Procurement will be measured on the following levels, as eVA functionality becomes available:

- Efficiency (e.g., Cycle time - measured by percent of submissions that meet established time criteria from the start of the system process until the end of the system process)
- Effectiveness (e.g., OTD, correct item/service)
- Compliance
- Savings

### Procurement Cost of Service

There is a lump sum allocation cost for the Procurement services provided to SSC customers for FY 22.

## Glossary

Term	Service Area	Description
Absence Management	<ul style="list-style-type: none"> <li>● TLAM</li> <li>● Hire to Retire</li> </ul>	Module in PeopleSoft 9.0 HRMS used for calendar processing.
Agency Head or Designee	<ul style="list-style-type: none"> <li>● All</li> </ul>	An Agency Head is an officially appointed, elected, or designated individual who directs, and is ultimately responsible for, the overall operations of an agency or institution. A designee is any other person appropriately designated to act on behalf of the Agency Head. Such designation must be approved by the Agency Head in writing and retained on file within the agency.
